Since there is school wide cohesion, the Middle School teachers know what boxes Grammar created for them to fill!

# Truth Beauty Goodness

Well, how do you know what boxes to create?!

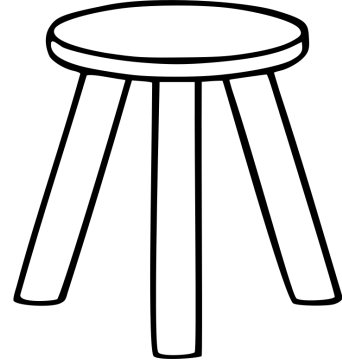

The concepts, history, and people that have contributed to the “Great Conversation.”  
It is concepts and people that have contributed to Truth, Beauty, and Goodness.\*  
What can you contribute to the story of humans so we can make a box about you!?

# Partnership

You are your child's "original and irreplaceable" teacher. You're important to their success and ours! Ulmus Academy wants individual families to join our family. It takes all of us to make this successful! What does this look like?

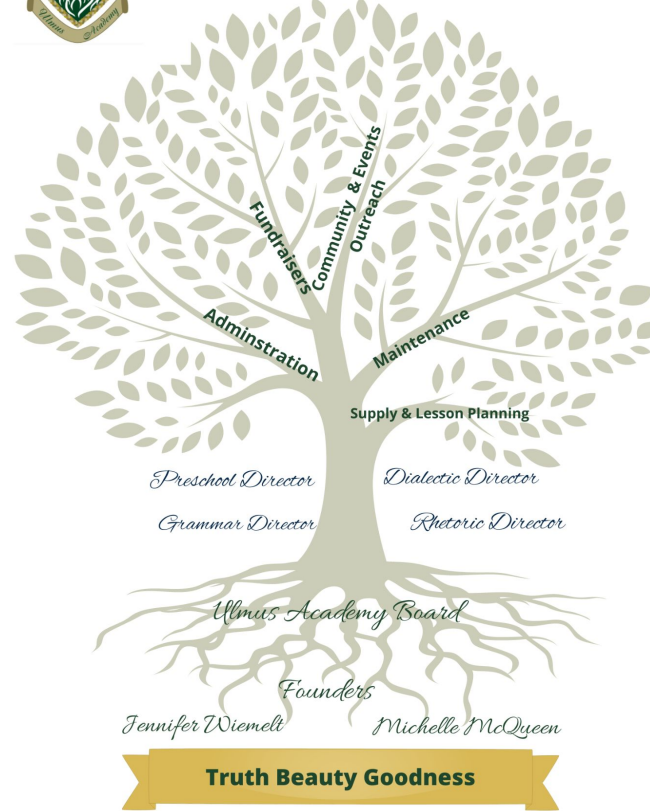

- Each family will give 20 hours of their time and talents to Ulmus throughout the year
- Each Rhetoric student will give 10 hours of their time and talents to community service
